Commissioner for Patents

The after-final amendment filed on 02/28/2008 that was initially not entered into record by the examiner on the advisory action mailed on 03/18/2008 is now being entered into record to reduce the issues for appeal. The claims in the appeal brief appendix filed on 06/10/2008 reflect the after-final amendments filed on 02/28/2008. The examiner is now entering the after-final amendments, and those amendments should be reflected in the instant record. This case is now sufficient for submission to the Board of Patent Appeals & Interferences
